

NORTH SEA BATTLE MAY ADD \$50,000,000 TO U. S. NAVAL BILL

Senate May Insist on Another
Battle Cruiser and Two
Superdreadnoughts.

WASHINGTON, June 6.—The naval battle of the North Sea may cost the United States \$50,000,000.

Chairman Tillman of the Senate Naval Committee announced that Senatorial consideration of the Naval Appropriation Bill will begin June 13. It is probable that members of the General Board will be asked to appear before the committee and interpret the results of the British-German engagement and it is regarded almost as a certainty that the bill as passed by the Senate will carry at least \$50,000,000 more than now.

The practically unanimous demand of the Senate Committee for one more battle cruiser and two super-dreadnoughts to be added to the House's five battle cruiser programme is thought to represent the minimum of the probable additions. Chairman Tillman also wants more docking facilities, as well as more submarines and airships.

The bill probably will be in committee a month or six weeks.

TWO CAUGHT DRILLING SAFE.

Mr. Vernon Policeman Fights With
One Robber for Ten Minutes.

(Special to The Evening World.)

MOUNT VERNON, N. Y., June 6.—Two crackmen who are believed to have blown safes on Long Island and in New Jersey, were captured here early this morning while drilling holes in a safe in the grocery store of James Dean, at No. 41 South Fourth Avenue. Policeman John Tierney, who discovered the men at work, fought the robbers in a dark cellar, and though he received a blow over the right eye with a blackjack, secured his assailants unconscious with the butt of his revolver.

The prisoner captured by Tierney is William Reed. His companion, John Edwards, was caught by Policeman Ernest Steals while he was trying to climb over a ten-foot fence in the rear of the store.

"L" Motorman Gives Fire Alarm.

Fire of unknown origin did \$5,000 damage early to-day on the second, third and fourth floors of No. 34 Murray street, occupied by the Specification Brush Company. The alarm was given by the motorman of a sixth Avenue elevated train. At the request of Deputy Chief Binns the Sixth Avenue elevated current was cut off south of Grand street and several companies of firemen fought the flames from the elevated structure.

Girl Takes Poison by Mistake.

Fifteen-year-old Frances Cohen of No. 123 Madison Street, Brooklyn, is in the Rushwick Hospital suffering from the effects of two bichloride of mercury tablets taken by mistake. The girl has been troubled with hicoughs. Seized with an attack early this morning, she choked up the wrong box from the table and took what she thought was medicine prescribed for her. Dr. Altier thinks she will recover.
